| III. | <b>HEAR FROM THE PUBLIC:</b> Krissy Gentry urged The Board to carefully consider the reemployment of custodial staff as employees of Gulf District Schools, if at all possible. There was discussion back and forth regarding The Board's decision to privatize the custodial services during 2013 <i>Reduction in Force (RIF)</i> . Mr. Norton emphasized his compassion for the custodial workers as well, but reiterated that the privatization brought significant cost savings to the District.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
